01 · THE PROBLEM

MILLIONS OF PEOPLE LOVE SOMEONE WHO DOESN'T LOVE THEM BACK.

Who's hurting: the hopeless crushers, the left-on-read, the "we're just friends" crowd.

What's broken: gifting is generic, confessing is terrifying, and nothing makes heartache *fun*.

"Why won't they notice me?"

02 · THE SOLUTION

WHAT IF ONE CHOCOLATE COULD MAKE THEM FALL FOR YOU?

We brew playful "love potions" into vintage heart-box chocolates. Send one, and all they have to do is take a bite.

It's a gift, a confession, and a joke your whole family will laugh-cry over.

03 · THE MARKET

EVERYONE WITH A CRUSH IS A CUSTOMER.

WHO PAYS

Anyone buying for a crush, partner, ex… or bestie

HOW MANY

Valentine's spend: $1 trillion

WHY NOW

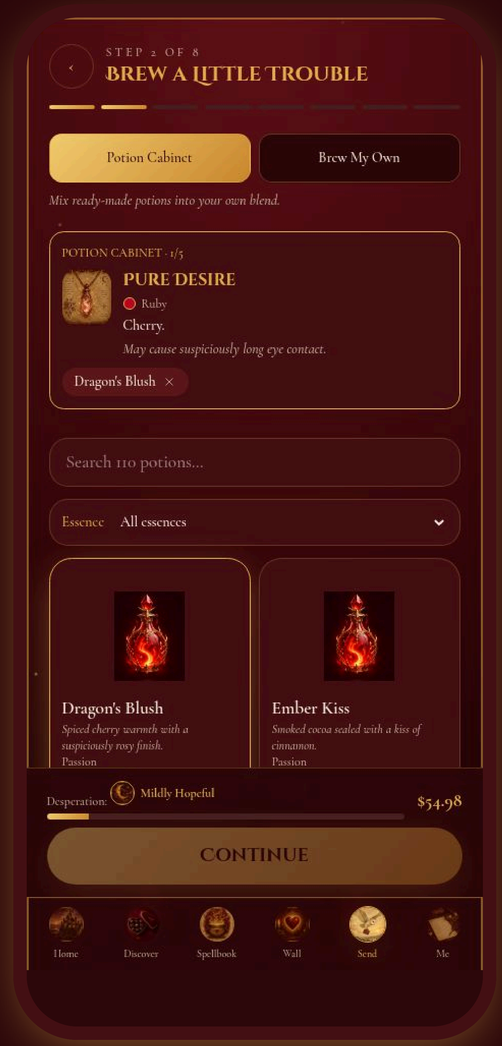

Gifting went social: people buy what makes a great share, not just a great present

Typical damage: $54.98–$189.96. Dignity sold separately.

PICK A BOX, BREW A POTION, THEY TAKE A BITE, YOU FIND OUT.

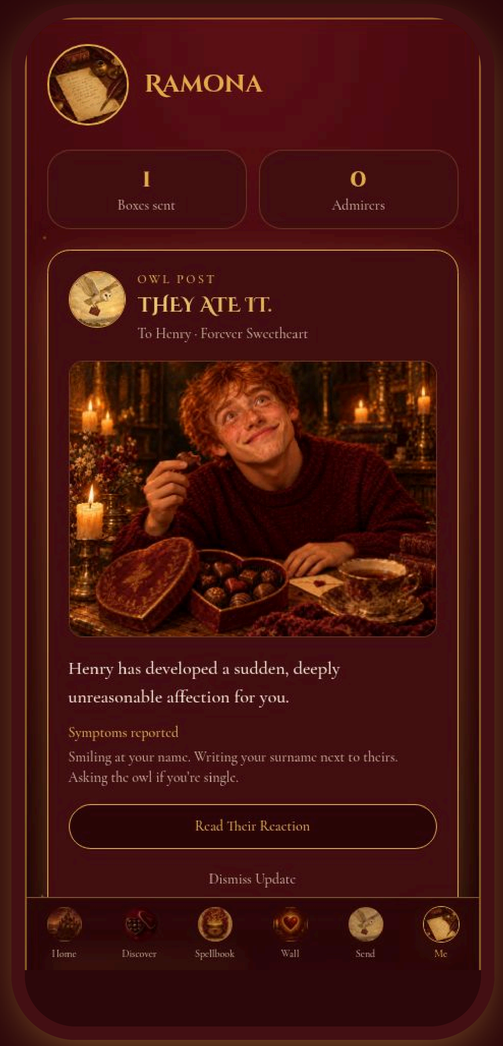

Choose your box

Brew their downfall

Confess dramatically

They ate it!

05 · ONE BITE LATER

RAMONA SENT CHOCOLATES. HENRY LOST THE PLOT.

She chose the blend, tucked in her confession, and trusted an owl with her entire love life.

He broke the seal. He took a bite. Now he's composing wedding vows between mouthfuls.

Owl Post update: THEY ATE IT.

HENRY'S CONDITION

UTTERLY, INCONVENIENTLY BESOTTED.

Chocolate: eaten.
Composure: missing.
Ramona: finally noticed.

"Does she think of me? Should I write? Is it too soon to name our owl?"

WE CAN'T MAKE THEM LOVE YOU...

...but we can make them eat the chocolate.
